Become an affiliate

For suppliers, employers, awarding bodies, local authorities, professional clubs, universities and other organisations.

Hear first, react first and beat the competition

Affiliate status provides your organisation with access to expert intelligence and the network of further education and sixth form colleges across England.

Affiliation is specially tailored for organisations that have an interest in the delivery of sport and leisure, participation or physical activity and health programmes within the FE sector. This includes industry suppliers, employers, awarding bodies, local authorities, professional clubs, universities and other organisations who wish to expand their programmes or link with colleges.

Affiliate subscription is open to organisations who have an interest in promoting their products or services within further education. These must demonstrate a clear benefit to the sector. Schools, academies and private training providers are not eligible for affiliate status.

Affiliate status is at the absolute discretion of AoC Sport.
