

## 2020-21 LEAGUE AND CUP COMPETITION RULEBOOK

### **RULE 9: MATCH RESULTS**

- 9.1 In league fixtures it is the home team's responsibility to input the results by logging on to the designated fixture system. This must be done within two clear days of the fixture. For example: for a Wednesday fixture the result must be inputted by 4.00pm on Friday of that week. Away teams also have the option of inputting the result.
- 9.2 In cup fixtures the winning team must input the result within 48 hours of the completion of the fixture.
- 9.3 **Premier Leagues only:** For matches played on the last day of the scheduled league season in football, netball and rugby union, results must be inputted by 5.00pm on the day of the match so that sufficient organisation time can be given to teams qualifying for the play-offs.
- 9.4 **Premier League only:** Failure to complete the group fixture programme by the designated date may result in a £100 fine.
